Education

The Affiliated Senior High School of National Taiwan Normal University

Graduated in June 2013

National Cheng Kung University.

August 2013-January 2014

I studied Urban Planning in this college for roughly one semester before I stopped and immigrated to the United States. The most valuable lesson I learned here is that I should always study what I love. I lost my passion and dedication for learning during that semester because I chose urban planning mainly because of my college entrance test score. Not because I am all that interested in this subject. It was a painful yet precious experience for me, reminding me to always follow my heart on what I want to study.

Austin Community College

July 2014-Present

- Finished all ESOL courses here.
- Major in Biology, finished 45 college credits, GPA 4.0

Work Experience

Asia Café

work 15 hours a week, August 2014-August 2016

Cashier

- I took customers' orders and then help them pay the bill for their orders.
- Listened to customers' request and concerns then translate them into Chinese for the chef.
- I did a lot of side work such as deliver dishes, silverware cleaning, refill condiment, etc.

Austin Community College

work 6 hours a week, December 2016-present

Math supplementary Instruction Leader

- Assist and motivate students to succeed in classes that I've already taken before.
- I attend my assigned class to take note then hold a 1 hour 20 minutes study sessions twice a week.
- I shared my experience and skills/tricks that I have learned when I took the class.
- I plan activities that will help students understand the course material more and also design math problems for them to solve in order to enhance their problem-solving skills.

Extracurricular/volunteer Activities

Phi Theta Kappa

Fall 2016 semester-present

Gold Membership

- Participate in several general member meetings on Friday night where we talk about the upcoming social events and service.
- Austin State Hospital committee: I had a volunteer where we throw fun carnival for patients to life their spirits.

- UT Events committee: I participated in a UT football game as a volunteer to offer direction and information to people in the stadium.
- Competitive Edge committee: Participated in competitive edge program to develop organizational and leadership skills.
- Participated in Honors in Actions project: I took part in the Test Anxiety Experiment. I was assigned a natural remedy to do on a daily basis for weeks before one of my actual exam to see whether it help easing the testing anxiety or not. Then fill out some documents to serve as data for the experiment.
- Achieved gold membership for fall 2016.

The National Society of collegiate Scholars

March 2016-present

Member

- An Honor society that I joined in March 2016. It hold general meeting, social events, and service events on a monthly basis and also provide scholarship opportunity and help on members' academic career.

Austin Community College Student Life

Green Team

- Participated in a volunteer activity to clean-up around the cypress campus grounds as well as preparing the Student Life Student Legacy Garden and Community Garden spaces for planting projects to take place during the Fall 2016 and Spring 2017 semesters.

Skills

Proficient in Microsoft Word, Excel, Power Point, Pages, and Keynote.

Speak, listen, read, and write Chinese fluently.
